The mandate of the committee is as follows :

1. Ensure the highest scientific and ethical standards of research at TMC
2. Review and approve, proposals for clinical, basic or translational research projects (Intra and Extra mural) for scientific and ethical content
3. Improve ethical standards and issue guidelines on ethical dilemmas related to patient care services
4. To function as a forum to advise the administration in case of any ethical issues that may arise from patients, families or public
5. To maintain our leadership as a national standard of reference in oncology and its allied specialties
6. To issue and periodically, update and revise SOPs and guidelines for effective functioning of IEC as and when necessary
7. Continuing education in clinical research bioethics and ethical aspects of clinical practice by seminars, workshops and interactive discussions for all categories of staff members including nursing and paramedical staff
8. To initiate and commission research studies on ethical aspects of practice in TMC

The committee does not address or interfere in matters of administration, nor does the committee function as a grievance cell for staff members.
