ANNUAL CONFERENCE OF WOMEN'S CANCER INITIATIVE- TATA MEMORIAL HOSPITAL

'Advances in Gynecologic Oncology and Real World Implementation'

Invitation for 22nd Annual Conference of the Women's Cancer Initiative-Tata Memorial Hospital

Dear Colleagues,

On behalf of the organising committee we are delighted to invite you to join us for the **'22nd Annual Conference of the Women's Cancer Initiative-Tata Memorial Hospital'** to be held from **October 25 to 27, 2024** at **Tata Memorial Hospital, Parel, Mumbai**.

The theme of the conference is **'Advances in Gynecologic Oncology and Real World Implementation'**.

In recent years, the field of Gynecologic Oncology has undergone a transformative evolution, marked by significant advancements across various domains. From laboratory to the clinic, the landscape of gynecologic cancer care has been reshaped, offering new hope to patients worldwide. Despite these remarkable strides, the real-world implementation of these advancements remains a formidable challenge.

As we convene at the **22nd Annual conference of the WCI**, we recognize both the remarkable progress made and the challenges that lie ahead. Through dialogue, collaboration and shared expertise, we aim to bridge the gap between scientific innovation and real-world practice, while navigating the complexities of multidisciplinary care coordination and integrating new advancements into healthcare systems.

We welcome abstract submissions for both poster and oral presentations in the field of Gynecologic Oncology. Trainees are especially encouraged to join us and take part in an engaging lineup of workshops and academic discussions.

We look forward to your participation.

Organising Secretaries

Dr. Sushmita Rath
Dr. Sneha Raj
Dr. Ankita Gupta

'Advances in Gynecologic Oncology and Real World Implementation'

Instructions for Poster Presentation:

- Shortlisted Abstracts will be invited for Poster Presentation.
- Each Poster will be allocated a Poster Number by the organizers, which will be communicated to the participants by email.
- The size of the poster will be 5 ft. Height x 3 ft. Width. The posters will be placed vertically on the octanorm panel boards.
- Present numerical data in the form of graphs rather than tables (graphs make trends in the data much more evident). If data must be presented in table form, keep it simple.
- Visuals should be simple and bold.
- Avoid acronyms and extensive mathematical notations as much as possible.
- Organize your poster into subdivisions, e.g., Introduction, Methods, Results, Discussion, Conclusions, and Literature cited (avoid using too many citations)
- Use bright colors to enhance the detail
- The text should be readable from five feet distance

Judging Criteria

- The judgment will be done by a Board of Jury
- When the competition is being conducted, each participant should be ready in front of his/her poster to answer all questions from the judges
- The judges will come to shortlist and review the poster during the conference
- The time for judges visits for poster evaluation will be informed to all the poster presenters via email/SMS 1 week prior.
- Apart from the judging time, you may also be present at the poster to share your research with interested delegates
- The judge's decision will be final and no clarification will be given
