Histo-Immunotech 2025

Workshop on Histotechnology & Immunohistochemistry Techniques

Department of Pathology Tata Memorial Hospital is happy to announce our annual conference 'Histo-Immunotech 2025' on 4th and 5th of October, 2025. We address practical aspects of various processes in surgical pathology including immunohistochemistry and digital pathology. We offer hands-on experience of these advanced techniques. This workshop is suitable for training of histotechnologists as well as pathologists.

Day 1: Saturday 4th October: Immunohistochemistry workshop

Track 1: Advanced automation in IHC and PDL1 companion diagnostics (30 seats)

Track 2: Manual IHC with special emphasis on controls, tissue microarrays and tips for cost optimization (30 seats)

***A participant can register for only one of the above two tracks**

Day 2: Sunday 5th October: Surgical pathology workshop

A step-by-step hands on workshop of Surgical pathology lab techniques including quality control, resource management, digitization, and overview of Digital and AI-related workflow (70 seats).

***A link for online registration is incorporated in the brochure.**

***Please note that separate registration is required for workshop on day 1 & day 2.**

***There will be no spot registration.**

Best regards,
