Ref No: TMC/AD/156/2023

20.12.2023

**TATA MEMORIAL HOSPITAL
(TATA MEMORIAL CENTRE)
H.R.D. DEPARTMENT**

APPLICATIONS ARE INVITED FOR THE POST OF

BUSINESS ANALYST

NATIONAL CANCER GRID-KOITA CENTRE FOR DIGITAL ONCOLOGY (NCG-KCDO)

DESIRED PROFILE*Industry Experience and Qualifications*

- Professional with 5+ years of experience in data analytics and/or requirements gathering.
- Minimum 2 years of experience in the healthcare industry with a good understanding of healthcare-specific technologies and data standards.
- Bachelor's degree required; preferably in a technology or data analytics-related field.
- Relevant certifications in data analytics, healthcare IT, or informatics desirable.

EXPECTED ROLE

Drive data analysis and business requirements gathering for technology initiatives across NCG and NCG centers.

- **Requirements Gathering:** Conduct thorough stakeholder interviews and workshops to collect detailed requirements for various digital oncology initiatives.
- **Requirements Documentation:** Develop and maintain a comprehensive library of requirements for digital oncology initiatives. Categorize and document functional and non-functional requirements, ensuring clarity, completeness, and alignment with initiative goals.
- **Data Analysis:** Utilize advanced data analysis techniques to process and analyze data and work with cross-functional teams to derive meaningful insights that contribute to the enhancement of digital oncology initiatives.
- **Technology Integration:** Collaborate with IT teams to facilitate seamless integration of digital tools within the existing technology infrastructure.
- **Industry Research:** Explore and recommend technologies that enhance the efficiency of data processing and analysis. Stay abreast of industry developments related to data standards (interoperability, privacy, security, etc.).

Skills and Attributes

- Strong analytical skills with a demonstrated ability to gather, document, and analyze complex requirements.
- Good understanding of data structures and standards including data management, data privacy and security, data interoperability, and data analytics.
- Proficient in using data analysis tools and technologies to derive insights from healthcare data. Good business orientation with the ability to support data-driven decision-making.
- Strong desire to contribute to social impact at scale with a long-term view.
- Excellent communication (spoken and written) and collaboration skills to work effectively with diverse stakeholders.

GENERAL CONDITIONS:

- (a) The last date for submission of the application is 03.02.2024**

(b) Candidates must send their resume to ncgkcdotmc.gov.in only. No hard copy of the application will be accepted. Applications received after the due date will not be considered.

(c) Candidates will be screened based on the information provided by them in their resume.

(d) Tata Memorial Centre reserves the right to restrict the number of candidates called for the interview to a reasonable limit, based on the qualifications and experience of the applicants. Fulfilling the prescribed qualification may not entitle an applicant to be called for an interview.
2. Tata Memorial Centre also reserves the right to not call a candidate for an interview without assigning any reason thereof.
3. All outstation candidates are required to make a note that accommodation will not be provided.
4. The applicant must possess a valid email ID. All correspondence with the applicant will be done through email only. Information regarding the date of the interview will be provided through email to the eligible candidates only. The responsibility of receiving, downloading, and printing related documents will be of the candidate. Tata Memorial Centre will not be responsible for any loss of email sent, due to an invalid/wrong email ID provided by the candidate or delivery of email to spam/bulk mail folder etc.
5. For further enquiry kindly contact on **022 24177000** Extn: **4666** or email to ncgkcdotmc.gov.in
