Description

**Maharashtra Medical Council has granted Three CME credit points
for delegates participating in this workshop.**

Registration is kept open till 26th April 2019

Dear colleagues and friends,

The pediatric solid tumor disease management group (PST-DMG) of Tata Memorial Centre, Mumbai takes immense pride in inviting you to the IVth Annual Pediatric Solid Tumor Workshop scheduled on the 27th & 28th April, 2019.

Every year we have focused on a comprehensive overview of common tumors relevant to trainees as well as clinicians practicing pediatric oncology. This year we have an interesting line up of common, uncommon as well as newly recognized entities. The workshop will be an amalgamation of interactive case based discussions as well as a wide array of didactic lectures from eminent and experienced national speakers.

Workshop highlights

- Common and uncommon hepatic and renal tumors
- Spectrum of myofibroblastic tumors
- Approach to neonatal tumors
- Proton beam therapy
- Radio nuclide theranostic
- Fertility preservation
- Interventional radiology
- Recently published landmark papers

We welcome trainees as well as practitioners across all disciplines including pathologists, radiologists, pediatric surgeons, pediatricians, surgical oncologists, medical oncologists and radiation oncologists. Your participation will add immense value to the success of this workshop.

Kindly block your dates.

Members of the PST-DMG of Tata Memorial Centre look forward to welcome you in Mumbai.

Warm regards.
