Description

Dear Delegates,

We welcome you all for the 11 th OT personnel training course on August 3 rd and 4 th at the Choksi Auditorium, Tata Memorial Hospital, Mumbai.

We continue with our core agenda of providing a comprehensive review and update of the best practice scenarios inthe Operating Room.

We recognise the increasing demands on nursing staff, with more complex and longer surgeries with newer instruments and protocols added across surgical sites.

We highlightthe pivotalrole of nursesinmanaging Laparoscopic surgeries,Robotic surgeries, HIPEC surgeries, pelvic exenterations, complex head neck resections, pediatric surgeries, complex limb salvage resection and reconstructions, microvascular anastomosis, etc. The listis never ending.

Each of these have different demands of instrumentation, patient positioning, draping, assistance, infection control protocols and audits.

We offer best practices of auditing and upkeep of expensive OR instruments.

We have over a dozen expert nurses and surgeons asfaculty to help you master the nuances.

Lock your Calenders for 3rd and 4 thAugust at the Choksi auditorium, Tata Memorial Hospital, Mumbai. Miss it at your own peril!

See you all soon.

Organizing Team,
 Dr. Manish Pruthi
 Dr. Prakash Nayak
 Sister Veena Thorat
