Description

"Limited Seats for Observership for Cadaver Dissection Workshop on 20th -21st Sept 2019 and Mandatory registration for Symposium which is held on 22nd Sept 2019 "

About this course

- The course is targeted at practising head neck surgeons and neurosurgeons. It intends to improve the understanding of indications, approaches and goals to manage anterior and lateral skull base malignancies with a histology driven focus.
- Detailed attention will be given to the anatomy of the skull base and discussions regarding relative indications for open and endoscopic approaches.
- The course is designed as a two-day hands-on cadaver dissection workshop and a one-day symposium, including didactic lectures, surgical video sessions and tumor boards discussions. Participants will gain experience through cadaver dissections and demonstrations by experts in the field.
- The course will be preceded by a 4-day observership (optional) at Tata Memorial Hospital, Mumbai for the delegates of the cadaver dissection workshop. They will be exposed to live surgeries, skull base outpatient clinics and tumor board discussions
