Description

Dear All,

The Clinical Research Secretariat of Tata Memorial Hospital in association with the Department of Atomic Energy – Clinical Trials Centre conducts an annual short course in Clinical Research Methodology. This year's course will be held on the 27th and 28th July 2019.

The course will focus on various aspects of the **design, conduct and reporting of clinical trials**. Topics covered will include the formulation of a research question, proper study design, conduct of research, analysis of data obtained, proper interpretation, IEC review of process, compensation clause and publication of results. The course is targeted at a broad audience ranging from those who have little experience in clinical trials to those who are already active researchers and wish to widen their knowledge of the conduct of such trials.

Attendance would be appropriate for:

- Clinical Researchers who are planning or running a clinical trial.
- Medical staff involved in Clinical trials who are interested in expanding their knowledge.
- Trial administrators/ Trial Coordinators / Research Nurses/ Statisticians/ others who wish to expand their knowledge of Clinical Trial Methodology

We request you to forward this mail to people who may have interest in the course.

Please find attached the course details and the registration form.

Thank you very much,

Regards,

Dr. Aliasgar V Moiyadi
