### Description

## 6<sup>th</sup> Annual Master Course in Oral Cancer Management

Dear All,

The global Covid 19 pandemic has affected all walks of life in an unprecedented manner & continuation of routine clinical and academic activities has been a challenge.

We are happy to announce that we plan to conduct this year's annual 'Master course in Oral cancer management 2020' online to reach a wide audience while keeping everyone's health & safety in mind.

Master course in Oral cancer management is an annual event aimed at students, residents & clinicians in the field of otolaryngology, maxillofacial surgery, surgical oncology & head & neck surgery. The theme for this year is focused on advanced oral cancers and will involve basic management guidelines as well as recent advances in treatment of these cases.

The event will be conducted on 25<sup>th</sup>/26<sup>th</sup> July 2020, to coincide with the education & awareness activities for World Head & Neck cancer day on 27<sup>th</sup> July.

The 2 day sessions will have surgical videos, didactic lectures & discussions by stalwarts in the field. This provides a unique opportunity to get an update on management guidelines & interact with prominent faculty in the field.

We look forward to your participation in this event, details of programme will follow soon.
