Dr. Sarbani Laskar
Dr. Ajay Puri
Dr. Sudeep Gupta
Dr. Kumar Prabhash
Dr. Gouri Pantvaidya
Dr. Girish Chinnaswamy
Dr. Priya Ranganathan
Dr. Jayita Deodhar

Dear Friends,

On behalf of the organizing committee of CANREHAB 2024, I am delighted to extend an invitation to you for the 3rd International Conference on Cancer Rehabilitation, to be held at Tata Memorial Hospital in Mumbai, India.

Tata Memorial Hospital stands as one of the foremost institutions dedicated exclusively to cancer care, treatment, research, and education. Our multidisciplinary team, comprised of medical social workers, physiotherapists, psycho oncologists, dietitians, audiologists, speech language pathologists, enterostomal therapists, occupational therapists. Our Medical Superintendent, and our Director have invested tremendous efforts to establish and evolve this platform into what it is today.

Earlier two CANREHAB conferences over last few years have evolved considerably, generating, directing, exploring, and displaying innovation. The theme of this 3rd International conference is **"Competency, Capability and Capacity in Cancer Rehabilitation – A Need in Cancer Care"**. The conference also offers workshops and symposia tailored to each discipline actively engaged in rehabilitation.

The progress in cancer care and treatment has significantly improved cure rates, resulting in a growing number of cancer survivors. This presents the challenge of providing optimal care in terms of rehabilitation. The multidisciplinary rehabilitation team are diligently working to address this challenge, at both the individual and institutional levels. This conference provides an opportunity to bring together the experiences of all stakeholders through sharing and mutual learning, given the two-way communication channels at our disposal.

The conference will enable remarkable collaboration among national and international faculties, sharing independent stories, research, projects, innovative ideas and the expertise of professionals. It will aid us in implementing the best possible therapies and articulating the uniqueness of our profession.

Our objective is to create a manifesto that will serve as a guide for tailoring programs within institutes and organizations. Let us join hands for a brighter tomorrow.

Kishor Howale
Organising Secretary
CANREHAB 2024

IMPORTANT DATES

- Last date for Abstract submission: 15th January 2024
- Notification of Abstract Acceptance: 30th January 2024
- Early bird registration closes: 15th February 2024
- Registration closes: 16th April 2024
