

## International Patients Advisor (IPA)

In order to be patient centric our services are organized around the site of the disease in the form of Disease Management Group (DMG's). The DMGs have multidisciplinary skills and expertise in a particular field of cancer from which our patients can benefit. The list of clinicians in each of the DMGs is available on our website <http://tmc.gov.in/SBF/DMGroup.html> (See the List)

Patients should send their investigations and treatment reports to the IPA's office, which will then consult with the specific consultant and on recommendation of our clinician you will receive the medical visa letter for the patient as well as for the attendant.

As an international patient please ensure that you arrive in our country on a Medical visa. It is expected that you will travel with an attendant and that you will have the required funding to cover the costs of stay and treatment.

**Payments** must be made in Indian Currency only. Following amounts have to be deposited at the time of registration and admission for bed.

Details	Amount in Indian Rupees	When to pay
Deposit ( Refundable)	Rs 50,000	At time of registration
Deposit (Refundable)	Rs 2,00,000	At time of admission in hospital bed

**On arrival** at Tata Memorial Hospital, you have to report at the reception counter at Homi Bhabha Block, 1st floor. You will be given a Registration form which needs to be filled and taken to the Security Dept. in the basement of the Main building. The Security will note your passport and personal details for the Foreign Registration Office. You will be then guided to the International Patient Advisor where for guidance and submit your forms to the Central Registration Office.

You can also make online registration through our website. Your documents will be verified before Registration and you will then be directed to the office of your clinician.

Please note that you will be billed as per the F Category in our Schedule of Charges available on our hospital website.

We wish you a comfortable stay and a healthy future.
